Next Meeting 03/21/06

03/09/06

Hurricane Katrina

March Meeting

I want to thank Dan Wright, our treasurer, Vice President Wil Kirk and Ed Flanagan for a great meeting and presentation on the adjustment of claims as a result of Hurricane Katrina and their trips to the hurricane damaged regions of Louisiana and Mississippi..

The DVD of Gulfport Mississippi and the power point presentation were enlightening and informative.

Our March 21, meeting will cover Statement and interviewing techniques. One of our greatest tools has adjusters is the signed statement or recorded statement. It is also something our attorneys review and utilize during the preparation for an Examination under oath, depositions and at the time of trial.

Our speaker will be William L Fleisher, Director of Keystone Intelligence Network Inc. Bill was previously with the US Customs Service, Office of Investigations, Federal Bureau of Investigations, and the Philadelphia Police Department.

Mark your calenders now for this extremely interesting talk on interviewing techniques and reading "body language".

Bill Krekstein as graciously consented to present a legal update for our May meeting this year. Ed Flanagan is currently working on our Golf Outing for 2006. We again are planning to hold this in July 2006.

See you on 3/21/06

Patrick J Murphy II, RPA AIC SCLA
President
